"Better Benefits Through Collaboration"

2019 Open Enrollment is beginning soon...

The Annual Open Enrollment period is coming soon to your institution, this is the time when you are able to make changes to the insurance coverages for you and your eligible dependents under your employer sponsored plan.

During your Open Enrollment period, you may add, change or drop coverage. Outside of the Annual Open Enrollment period you may only make benefit changes within 30 days of a qualifying life event. *(examples of life events include marriage, birth, adoption, loss/gain of other coverage, etc.)*

Please pay close attention to the Open Enrollment materials and webinars coming to your institution, these materials provide you with an opportunity to learn more about ICUBA’s plan offerings and enhancements, including a new supplemental benefit, *SurgeryPlus*, that is being added to your medical plan at no additional cost.

Also, during this time it is recommended that you verify that your mailing address has not changed. If it has, please contact your HR department to update your information.

Login at [ICUBAbenefits.org](http://ICUBAbenefits.org) during open enrollment and update your personal phone number and/or email address to be entered in this year’s sweepstakes!

IRS Form 1095 is used to report medical insurance coverage to the IRS. The Form 1095 is provided to the IRS and to employees covered or eligible for coverage under the ICUBA medical plan for one or more months of 2018.

This form will report to you, the employee, whether you and your covered dependents, if applicable, were covered under the ICUBA medical plan. If you and your dependents were covered for at least nine months, you are not subject to any tax penalties for not having medical insurance.

Please note You will not need this form to file your taxes! All active employees may reference this tax form in your employee file at ICUBAbenefits.org.
